BALLOT PROPOSAL: RATIFICATION OF THE CONSTITUTION OF ALABAMA 2022

YES

This ballot measure proposes the ratification of the Constitution of Alabama of 2022, which is a recompilation of the Constitution of Alabama of 1901, prepared in accordance with Amendment 951 and accomplishes the following actions: arranging the constitution so that similar subjects are located together; removing racist language; deleting repeated or repealed portions/language; placing all amendments which deal with economic development together; and arranging local amendments by county.

AMENDMENT 1

YES

This amendment would enact "Aniah's Law" and provide that, prior to a conviction, a person is not entitled to bail if the person is charged with capital murder, murder, kidnapping 1st, rape 1st, sodomy 1st, sexual torture, domestic violence 1st, human trafficking 1st, burglary 1st, arson 1st, robbery 1st, terrorism when the specified offense is a Class A felony other than murder, or aggravated child abuse of a child under the age of six years.

AMENDMENT 2

YES

This amendment will make clear that the state, a county, or a city/town may grant federal funds or other state funding to any public or private organization to expand access to high-speed Internet (broadband).

AMENDMENT 7

YES

Currently, the Alabama Constitution provides that some counties and cities/towns may use public funds to sell public property, lend their credit, or become indebted for economic development purposes. Amendment 7 will give all counties and cities/towns those same powers. Currently, the governing body is required to give notice of its proposed action in the newspaper having the largest circulation in the county or city/town. Amendment 7 will allow the public notice to be given in any newspaper in circulation in the county or city/town.

AMENDMENT 10

YES

This amendment would allow the placement of any other simultaneously ratified amendments into the Constitution of Alabama of 2022 so that each is fully incorporated. It also provides that all unchanged provisions of the Constitution of Alabama of 2022 should be interpreted in the same manner as the identical provision in the Constitution of Alabama of 1901. This amendment is contingent on the ratification of the new Constitution of Alabama of 2022.
